LOCAL AND GENERAL NEWS BRIEFS.

The suit you are looking for is at Frank's.

Dr. J. M. Estill has returned from Hunter's Springs.

If you want a nobby hat go to I. Frank & Co.

Miss Lannah Hall is visiting friends in Pulaski.

Neckwear, collars and cuffs at I. Frank & Co's.

Mr. J. W. Chapman returned home, Tuesday, quite ill.

Legs, black and brown, at I. Frank & Co's.

Miss Josephine Kelly is visiting the family of Mr. Jos. Stras in Salem.

A full line of crush hats at I. Frank & Co's.

Miss Harris, an accomplished young lady of Lynchburg, is visiting her cousin, Mr. R. Izard.

A nobby line of spring suits at I. Frank & Co's.

Judge S. C. Graham is adding additional room to his pretty residence on the southside.

Hats, caps, valises, umbrellas, at I. Frank & Co's.

Mr. H. G. Peery, Jr., has well under way an imposing residence on the hill west of depot.

Try the black bottom shoe for \$2.75 at I. Frank & Co's.

Mr. and Mrs. J. P. Kroll returned yesterday from a stay of several weeks in Michigan.

I. Frank & Co. is headquarters for clothing of all kinds.

There was another show at the Opera House Tuesday evening—big 2 minstrels.

I. Frank & Co. have a full line of ladies and gents trunks.

A full line of light summer coats and vests at I. Frank & Co's.

Miss Manson, of Petersburg, is visiting her relatives, the family of Major Henry.

The celebrated Pearl Shirt at I. Frank & Co's. Only one dollar.

We can fit any shape, weight or size in a spring suit. I. Frank & Co.

This is the dullest period of the whole year, but there is every indication of business prosperity in the early fall.

Neglige shirts at all prices from 50 cents to \$2.50 at I. Frank & Co's.

The burning of the factory of the Graham Lumber Co. will prevent its making the intended interesting exhibit at the Fair.

If you wish to buy a suit of clothes for yourself or boy call at I. Frank & Co's.

Dr. W. F. Gillespie, of the Bank Tazewell, has had fever for some time, but is progressing as favorably as could be expected.

We have the largest stock of spring and summer suits in Tazewell county. I. Frank & Co.

Will French, editor of the Glade Spring citizen, was found dead of heart disease in his bed in Abingdon the other day.

If you wish to save money do not buy a suit till you get our prices. I. Frank & Co.

The Blaine boom for '92 is on in great form. B. H. does not seem to be in it when his Secretary of State is mentioned.

Suits made to order a specialty. Fit guaranteed or no pay. I. Frank & Co.

Mr. J. S. Chatwell has returned from a protracted visit to Wytheville. His mother returned with him and also Miss Sullivan of the same place.

The celebrated Hess Shoes for sale only by I. Frank & Co. Every pair warranted to give satisfaction.

Mr. John Barnes, a recent graduate in law of Washington and Lee University, will go tomorrow to Marion to stand an examination before Judge Kelly for license to practice.

There are ten murder cases on the docket of Scott Circuit Court.

Tin a treat just to look over our line of goods this season and see how cheap they are.

I. Frank & Co.

Pulaski City had on morning last a disastrous fire, which destroyed the Bertha Hotel and the store of the Bertha Zinc Co. Loss, about \$49,000.

The management of the Tazewell Fair is now making the necessary preparation for the twentieth annual exhibition. The catalogue of premiums will be issued in a few days.

Rev. Henry King, of the East Tazewell circuit, and who was taken ill at the late session of District Conference in the Cove, died last night at the residence of Mr. Jos. S. Gillespie.

Much of the pleasant sleeping hereabouts just now is attributed by those who have tried it to the perfect adjustment of Turner's Bed Spring. They are selling all over the county.

The Southwest Virginia Synod of the Evangelical Lutheran church convened in St. John's church, Wytheville, on Wednesday, the 12th inst., and will remain in session several days.

S. H. Turner, manufacturer and patentee of the celebrated Horse Shoe Bed Spring, is turning out an increasing number of springs daily and selling them as they become better known.

Mr. E. M. P. Moore and Miss Doakie Moore, of Holston Valley, Tenn., father and sister of Mrs. John Brittain, returned home yesterday after a visit here. Mrs. Brittain went back with them.

Because of money stringency Mr. S. H. Turner is receiving country produce in exchange for his bed springs. He has arrangements for disposing of this and is shipping, as received, to Richmond.

Messrs. Dave Preston, of Abingdon, and Dave St. Clair, of Wytheville, have been for some days visiting their brothers here. Henry Preston, cashier of the Clinch Valley Bank and Geo. St. Clair, attorney.

Miss Mattie Ready, sister of Mrs. R. K. Wright and late of Tazewell Female Seminary, is in town for a while where many of her old friends and admirers will give her greeting. She is accompanied by her sister, Miss Clara.

Hon. C. C. Watts, late Attorney General and now State Senator of West Va., was on a visit to his Tazewell relatives a few days since. Mr. Watts has a very strong backing that will perhaps make him the next Governor of his State.

The apple crop having been an utter failure in the immediate vicinity, farmers from more favored sections of the county are doing quite a business on the streets in the sale of the fruit. In the eastern markets apples are a drug, the best bringing 75c per barrel.

The through freight business over the Clinch Valley division seems to be increasing daily. It is said that arrangements are making to handle 300 cars daily. These cars are from all points in the West. The fresh meat cars from Chicago are reloaded at Graham by the Graham Transport Ice Co.

A dispatch was received by Senator Farwell from Prof. Dryden, at Midland, Texas, where he went to produce rainfall by the firing of dynamite in balloons sent up for that purpose. The dispatch says the experiment was tried and proved a complete success, rain falling copiously for several hours.

The annual examination of candidates for positions as teachers in the public schools of the county was held on Wednesday by Superintendent Smythe. The number was quite large, being considerably more than one hundred. From indications the number of young school marns will be greatly increased.

The report of Mr. R. K. Wright, Jr., treasurer of the Graham Transport Ice Co., makes the best showing we have seen of all the plants of any kind in the South west. The report was made of a six weeks' operation and showed a profit that would be 50 per cent. a year on the investment above the interest on the money.

Miss Albino, Musical Directress of the Seminary, is spending her vacation in Roanoke, under the instruction of Prof. Paul Goerner, graduate of Weimar (Germany) School of Music, Associate American College of Musicians, Fellow American Church Choir Guild, ex Vice President Penna. State Music Teachers' Association.

The Rev. Mr. Simmons, of this place, has been called to the pastorate of the Baptist church at Tazewell, Va., and leaves next week for his new field of labor. Mr. Simmons is not only a minister of force, popular with his people, but is a citizen who will aid in the upbuilding of any place in which he is located.—Big Stone Post.

The next session of the Virginia Agricultural and Mechanical College will begin Sept. 21st. The faculty of this State institution has recently been reorganized with Dr. McBryde, a noted educator, as president. Tazewell county is generally well represented at Blacksburg with satisfactory results. See advertisement elsewhere for information.

As an indication of the large business the Louisville and Nashville railroad is doing on its new line passing through Big Stone Gap, the Big Stone Post states that on Sunday, the 1st inst., seven freight trains, each containing from sixteen to twenty cars, went east through the Gap. The Post says the freight now carried is mainly wheat, consigned on through bills of lading via Norfolk to London, Glasgow and other European ports.

The Senate committee on criminal expenses was in session at Richmond on the 5th, discussing measures for cutting down the expenses of the State. The House committee charged with the consideration of the same subject, was expected to meet that of the upper branch of the Legislature, but did not do so. The members of the Senate committee say they have adopted a bill which, if passed by the Legislature, will save the Commonwealth \$75,000 a year.

Rev. Dr. Dickenson, of Richmond, editor of the Baptist church paper, preached in town on Sunday last. He was most favorably impressed with this section of the State. He had heard much of Tazewell from distinguished men who had traveled all over the country as he had done, and he was expecting to see a great garden spot, but as in the case of Queen Esther, "the half had not been told him." His church contemplates the founding of a female school here.

We were handed by Major A. J. Tynes the other day a tomato of the Henderson's 400 variety, which weighed 26 ounces and was of excellent flavor. He has plenty like it, grown without extra culture. They seem to have formed a Farmers Alliance with the soil out at Rocky Dell, for this is only one of a number of huge vegetables we have had from the same garden. Satisfactory growth and cultivation out there is not confined to the vegetable kingdom, either.

The co-operation meeting of the Christian Church has been in session since Wednesday. Some prominent ministers are present and quite a number of that denomination from various points. Rev. L. A. Cutler, of Richmond, Va., preached at the Christian church last night, Rev. W. J. Cooke, of Radford, Va., preached today at 11 a. m., and Rev. I. J. Spencer, of the Missionary Weekly, will preach tonight. On Saturday at 11 a. m. Rev. L. A. Cutler will preach again and at 8 p. m. Saturday Rev. I. J. Spencer will preach. Further announcements will be made for Sunday. These men are distinguished ministers and we hope a good audience will greet them at each appointment. The public is invited to attend the discussion of church topics at 9 a. m. and 2 p. m. each day.

AN EMINENT PRESBYTERIAN, DR. SMOOT.

AUSTIN, TEXAS, June 23, 1887.

Mr. A. K. Hawkes: Dear Sir—

After having used your Patent Eye Glasses for years, I desire to express my great appreciation of them, as they are at all times perfectly comfortable, and enable me to see with astonishing clearness.

R. K. Smoot.

All eyes fitted and the fit guaranteed at the Drug Store of A. F. Hargrave.

TAZEWELL SCHOOLS.

The near approach of the time for the beginning of another scholastic year calls attention to the merits of our home institutions. While here and there are those prepared for and seeking the advantages of the highly equipped colleges and universities, there is nothing lacking in our own community for the sure advancement of the great body of the youth of the county and section.

TAZEWELL HIGH SCHOOL.

has been in operation with varying success for many years. It is to this school that those desiring the benefit of the public school fund must look. This school fund, however, is too meagre to induce the employment of a first class faculty, so that it behooves those desiring good management of the public school department to see that the high school department is kept up to the point at which good talent may be secured. To allow the school to depend upon the public appropriation to any great extent is to destroy in a great measure its usefulness. The community must assist the State that both may get the best returns.—The faculty for the present term is well recommended and will no doubt do its part with fidelity. The principal, who is chiefly interested, is satisfied with his assistants. The session begins Sept. 9. The school will have graded, public, music and boarding departments.

TAZEWELL FEMALE SEMINARY,

less local in its character, for its growing reputation is drawing patronage from a large section, will be in session again Sept. 9. This institution, exclusively for girls, is an absolute necessity for which there can be no substitute. In drawing its patronage largely from a distance it makes itself useful to every business man near it, to say nothing of it as an adornment to the county and as a safe place for the cultivation of its young women. With the continued support of public approval it will grow to equal in prestige that of any other Virginia college as it does already in many of its advantages. Every year sees new improvements of the management to beautify and make more commodious and attractive the college home. Community pride should call forth a word of praise for this institution on every occasion.

TAZEWELL COLLEGE

has yet to make its reputation after beginning its first session Oct. 1. Here again the community must take the initiative along with the management before the outside world can be attracted. As long as a people acts heartily for itself it can draw co-workers.—Aside from its educational use, a male college here can in a measure fill the place of an industrial plant that never came. For business, a temporary increase of population is better than none at all. This enterprise has met with unusual encouragement so far. The investment should be made to pay in the way of the town and county's advancement.

These three are the institutions that call first for a present and hearty appreciation. Then, to carry out the idea of some that this is only the beginning of a movement to make this an "educational center," attention may be turned to the encouragement of movements now considering for the founding of three schools. The Holston Conference of the M. E. Church, South, has been canvassing the matter of two schools, a male and a female, in the Clinch Valley, with strong inclination to Tazewell C. H. as the most desirable point. The Baptist church has thought of a female school for this point under its supervision.

The most powerful argument for the encouragement of new enterprises is the fostering of those we have.

BUCKLEN'S ARNICA SALVE.

TAZEWELL-RICHLANDS.

The second game of base ball between the Tazewell and Richlands nines was played here on Saturday last. Both nines were in good shape and intense interest was manifested from the beginning. A very large crowd, including many ladies, was present to witness the game. The home team was composed of S. Bond, pitcher; E. O'Keefe, catcher; Jno. Barnes, 1st base; W. Steele, 2d base; R. Izard, 3d base; R. Steele, short stop; B. Gillespie, left field; R. Baldwin, center field; Geo. Dodd, right field. The visiting club: A. Cuculla, J. Painter, L. Garland, C. Botsford, F. Dunlap, L. Moore, C. Grover, T. Shelton, H. Prince. Umpires, J. H. Kelly and A. Pannill.

Richlands went to the bat and scored three runs in the first inning, Cuculla's three bagger being the feature. Tazewell retired with one to its credit by O'Keefe. In the second two runs were made for Richlands while Tazewell made nothing. In the third one was credited to Richlands and for Tazewell Barnes Gillespie sent the ball spinning beyond the center field and made a home run bringing in two men off bases. This success, bringing the score up to 4 to 6, put Tazewell on its mettle and in the fourth inning it got 5 and in the fifth, 2, Richlands being goose egg ed each time. In the sixth Richlands one and Tazewell two. The score at the close of the sixth stood 13 for Tazewell and 7 for Richlands. In the seventh, Richlands 2, Tazewell 1. In the eighth the same. The game now stood Tazewell 15, Richlands 11, and but one more inning to play. The game was supposed to be won. Richlands came to the bat for the last time and discounted its previous play so far as to make six runs, putting itself 17 to Tazewell's 15. And now came the excitement. Tazewell must make three. It makes a bad beginning as the first two men fan out. Two out, nobody on bases and three runs to make. Can it be done? Baldwin crosses the plate, then Barnes and Dodd comes home on W. Steele's three bagger and the game is won as the umpire calls time. Score 18 to 17.

NOTES.

Tazewell battery, Bond and O'Keefe. Richlands battery, Garland and Painter.

O'Keefe, five time at bat, made five runs.

A number of brilliant plays were made, but data is incomplete and they are not specified.

The friends of both clubs were proud of their men.

Considerable sums of money were at stake, which fact doubtless caused an unnecessary confusion over Umpire Pannill's decision in last inning.

Some members of the visiting club allowed themselves to become rattled by the geying of some noisy kids on the outside.

In the main the Richlands men left a good impression upon those who enjoy a well conducted exhibition of the national game, and they would be gladly welcomed back.

MERIT WINS.

We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. A. F. Hargrave, Druggist.

A SAFE INVESTMENT.

Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised Druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of the Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc., etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon.

Trial bottles free at A. F. Hargrave's Drugstore.
